

FOURTEENTH PRIZE
BY RUTH MOREN

RUTH MOREN.

The things we love are the things which are near us, and which give us happiness, freedom and comfort. In our homes we enjoy all these privileges because our homes are a part of us, a place where our expressions are natural and spontaneous. America, my native land and the refuge of the oppressed, gives us all these things in return for our loyalty, or love.

At home we speak freely and think wisely. There we can do as we please. In fact, we can do practically as we please so long as we do not trespass upon the rights of others. America gives us this liberty, and protects us in exercising it, so long as we are reasonable. In hearing to appreciate this privilege, I have learned to love the world's greatest democracy, America.

America loves her children as my parents love me. She spends great sums each year to see that they are kept fit mentally, so that they will be able to step into the shoes of the present generation. Nor does she do this from purely selfish motives, for it is really for the good of the people that all this is done.

Our country gives us a square deal always, a man being accepted at his face value, regardless of his birth, class or views. And here we have only to step outside into the waiting coach of opportunity, and be whirled away to success, for each and every day some means by which you may rise presents itself. So if a man is a failure, it is his fault.

I have summed up my reasons for loving America in the sentence: "I love America because it gives me freedom, happiness and opportunity, and as long as I live, I will always think of America as the land who fostered me."

WILL VISE PASSPORT.

MEXICO CITY, Nov. 23.—Mexican border consuls have been instructed to the foreign office to issue the passport of United States Senator Albert E. Fall of New Mexico, who announced a few days ago he intended to come to this city to attend the inauguration of Gen. Alvaro Obregon as president of the Mexican republic. This order from the foreign office disregards the action taken on Saturday by Roberto Pesqueira, Mexican confidential agent in Washington, who instructed Mexican consuls along the frontier not to issue any passport presented by Senator Fall.

WHITE MEN HELD.

ROY, Ala., Nov. 23.—Charged with criminal assault upon a young white girl at Brundidge, Lester Money and Carl Buntin, white, were arrested at Clark on a charge of the same.

at a substantial cost to remedy, according to Commissioner Allen. Four plans are under discussion and the one to be followed will be determined by the result of the survey now being made. Sewerage mains in Birmingham slope east, whereas those of the city proper slope to the west. This makes it difficult to connect the Birmingham system with Memphis, although such a plan is possible. However, it can only be done by using a sewer which is already fairly well loaded and which is designed to meet the needs of development in other directions.

To Wolf River.

The use of this sewer is one of the plans contemplated. The other three contemplate connection with Wolf river by different routes. Use of the city sewer is regarded as the most expedient and cheapest at the moment, but may not prove the best in the long run. Much will depend upon the results of the survey as to cost, feasibility, etc.

Mr. Allen does not regard all the troubles experienced at Cypress creek as originating in Birmingham. The sewer tank in use there is functioning as well as it ever did, according to Mr. Allen. As it is only recently that the situation there has grown offensive Mr. Allen agrees that other

causes have a hand in making the situation offensive. The Country club and resident along the pipe traversed by Cypress creek dump into the stream. It is a small, sluggish stream and is unable to take off all the sewerage dumped into it. In other words, Mr. Allen regards much of the offensiveness at Cypress creek as accumulation of sewerage over a considerable period of time.

Work of remedying the situation will go forward as soon as the survey is completed and the plan to be followed is adopted.

Do This For Constipation

THE public should know that there is a vast difference in the action of the various remedies for constipation. Some are "flushes," purges, physic. They gripe and weaken.

For lasting effect use a laxative. Dr. Caldwell's Syrup Pepsin acts gently and mildly so that even a tiny baby can use it with safety. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. A sixty-cent bottle will last an average family many months.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Ill. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

SURVEY IS BEING MADE ON CYPRESS CREEK SEWERAGE

Four Routes Are Being Considered by Commission Allen to Carry Off Birmingham Sewerage.

City Engineer William B. Fowler, under the direction of Thomas H. Allen, commissioner of streets, bridges and sewers, is making surveys of the conditions at Birmingham, where complaint is arising on account of the failure of Cypress creek to carry off the sewerage dumped into it.

The problem of Cypress creek will require considerable engineering work.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautiful dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Weyth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not what we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell because it does it so naturally. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application of two, your hair becomes beautifully dark, glossy, soft and abundant.
